

## **Mexico Pacific Limited LLC Selects TechnipFMC as a PreFEED Partner for Pacific Coast LNG Project**

*Mexico Pacific Limited LLC ("MPL"), the owner and developer of a liquefied natural gas (LNG) project on the Pacific Coast of Mexico, today announced that TechnipFMC has been awarded a PreFEED contract for its liquefaction project currently under development on the Pacific coast of Mexico. TechnipFMC will provide engineering, project management, HSSE and construction support to help MPL advance the project to FID.*

HOUSTON ([PRWEB](#)) September 19, 2018 -- The project is well positioned for FID in the second half of 2019. With the majority of its permits in place, the focus is now on execution planning and commercial activities. MPL is actively negotiating long-term contracts with top tier LNG buyers across the Pacific basin.

MPL President Josh Loftus said, "We have selected TechnipFMC as a potential solution after a year-long vetting process. TechnipFMC's extensive LNG experience and, in particular their track record of successful project execution globally will help MPL achieve its goal of offering low cost LNG to Pacific markets."

### About Mexico Pacific Limited LLC

MPL is a Pacific Coast North American liquefaction facility that has substantial cost and logistical advantages versus other US facilities serving the Pacific Basin. Based at Puerto Libertad in the state of Sonora, Mexico, MPL has a deep-water port and is interconnected with the US shale gas grid by multiple natural gas pipelines, which are already in service, to bring natural gas to the site. The Company is permitted for up to 12 MTPA of LNG and targets the initial construction of 2 to 4 MTPA using modular LNG technology. MPL is a joint venture of DKRW Energy Sonora Holdings, LLC and AECOM Capital Private Infrastructure. For more information on MPL please visit <http://www.mexicopacificlimited.com>.

### About AECOM Capital

AECOM Capital, a subsidiary of AECOM, is an investor and developer of infrastructure, real estate, and public-private partnerships across North America and select international markets. AECOM Capital Private Infrastructure invests in value-added infrastructure development opportunities. The investment vehicle makes equity commitments to the development, redevelopment, and construction of core infrastructure assets throughout North America and Europe with a focus on opportunities in the energy, transportation, water and technology sectors. The investment vehicle focuses on mid- and late-stage developments, where AECOM Capital can bring early institutional capital to a project.
